**Best-Selling Product:** <https://heropackaging.com.au/products/black-compostable-mailers>

**Product Title:** Black Home Compostable HEROPACK Mailers

**Product Description:**

Australian certified Home Compostable shipping mailers in Black.

It looks and feels a hellavalot like plastic, but it's not. Not even close. It is a 100% home compostable shipping mailer and is made from 70-80% PBAT (a co-polymer that is completely compostable) and 20-30% PLA (which is a fancy way of saying cornstarch).

In a commercial compostable environment, it will break-down within 90 days. At home, it may take up to 120 days if composted properly. Learn about why compostable mailers are the best choice for businesses.

If you want to ensure the best shopping experience for your customers and make them feel like they're a part of something special — black compostable mailers are the way to go. Our black mailers are 100% compostable, both home and commercially, and offer a breath of fresh air in the plastic-filled shipment world.

Additionally, the unique, luxurious packaging and the premium matte finish will ensure that your business stands out from the crowd and outshines its competition. Not to mention, opting for a compostable eco-friendly alternative to regular black mailing bags means saving the environment one mailer at a time.

## Store 22: [lorierwatches.com](https://www.lorierwatches.com)

**Best-Selling Product:** <https://www.lorierwatches.com/products/neptune-siv>

**Product Title:** Neptune Series IV

### **Product Description:**

The Neptune is our flagship diver, an ode to the references worn and made famous by midcentury icons from James Bond to Jacques Cousteau. It's designed as if it came straight out

of 1957; with its classic size, gilt details, puffy lume plots, flat link bracelet, all topped by a bubbly Hesalite dome.

New to Series IV is a luminous acrylic bezel insert, a more durable version of the Bakelite rings commonly used in the '50s. Additionally, we made small, but impactful changes integrating owner feedback from previous generations: slightly shortened lugs, thinner bracelet links, repositioned lug holes (minimizing the gap when worn with a 2-piece strap), and more distinct hour and minute hands.
